“It was an outstanding celebration and a pleasure to honor Scarlett for her commitment to film. I was thrilled to present her with the signed magnum of Chateau Malartic-Lagravière. Producing a grand cru, at our vineyard in Bordeaux, is similar to making a film. We tell a story of the terroir and the people who shape it over the years. You will see our prestigious château and the increased involvement of our wines in Hollywood in the upcoming months, working with feature films that correspond to our aesthetic and philosophy,” says Véronique Bonnie, co-owner of the esteemed Bonnie family estates.
